Shield™ Mini Bar

with New Suction Magnetic Kit Option

SHL10AM shown with SMK2SMB Suction Magnetic Kit

Benefits

- Minimizes the height of the mini bar - same as the permanent mounting brackets
- Utilizes magnetic holding power as well as suction to keep the bar in place
- The rubber covered suction magnet will not scratch the vehicle's paint

Design Features

- Amber or Clear Lens with Amber LEDs
- 10 High Intensity LED Light heads
- 17 Flash Patterns with Internal Central Controller
- Lens has a smooth weatherproof exterior for easy cleaning and maintenance
- UV Resistant Lens
- Permanent Mount with 9.8' Pigtail, Magnetic Mount with 10.6' Straight Cord with 2 Rocker Switches on Lighter Plug (On/Off and Flash Pattern Change)
- Permanent Mount model is only 2.94" Tall
- 50 lb. Magnets Standard on Magnet Mount Models

Options

- 90 lb. Magnet Kit ordered separately
- Suction Magnet Kit ordered separately

Specifications

- 17.63" L x 8.9" W x 2.94" T (447.80 mm x 226.29 mm x 74.78 mm)
- 5.6 lbs
- 2.5 Average Amp Draw
- 10-30 VDC
- 5 Year LED Warranty
- Meets SAE J845 Class 1 and SAE J595
